

# Fee for Service

## PHM 2016 WORKSHOP:” SHOW ME THE MONEY...” CHEAT SHEET

### GENERAL GOALS:

Care for patients based on each provider’s preference without limitations on cost accrument.

### METHOD:

Patient care paid to institution based on agreed upon reimbursement rate for charges submitted.

### EXAMPLE:

Total patient care services which includes nursing care, radiological studies, laboratory, medicines, room cost, etc. are reimbursed 40 cents per dollar charged.

### HOW REVENUE MAXIMIZED:

Increase amount of services, treatments, and studies provided to patient.

*“Do what you feel you need to do and get paid for all of it”*
